Yongsan University Admission Guidelines for New and Transfer International Students

2025. 09.

YsU 영산대학교

About Y'sU

"Y'sU, Wise U" Youngsan University is a university where students succeed. By flexibly changing the curriculum to respond to students' aptitudes and the needs of society, we are building a non-boundary convergence education system that combines various academic fields by breaking down the boundaries between departments and majors.

We operate a step-by-step career guidance program from admission to graduation to help students discover their aptitudes, providing core competency-focused education through interdisciplinary majors, flexible semester systems, and intensive course programs, fostering the professional knowledge and practical skills required by society and businesses.

We offer a comprehensive support system designed to facilitate international students' quick adaptation to life in Korea, including one-on-one mentoring with Korean students to enhance academic abilities, and diverse Korean cultural experience programs to help international students become integrated members of the local community.

We are actively pursuing the diversification of university education and the globalization of our campus to enhance our students' global competencies. Through partnerships with 230 universities and educational/government institutions across 40 countries worldwide, we are creating a truly global educational environment. This initiative aims to promote international exchanges and establish a platform where both the university and its students can emerge as leaders in growth and innovation.

Where imagination comes true! A university where students are the owners!

"Y'sU, Wise U" This place with you, wise you, is **Youngsan University**.

Yongsan University's Strengths

Outside of regular classes, we provide enrolled international students with diverse programs in life guidance, language and character development, cultural experiences, major-specific support, and career/employment assistance, enhancing their overall university experience.

Yongsan University operates various programs to help international students overcome initial cultural challenges, facilitate early adaptation, and improve academic performance. These programs aim to support students in their transition to studying in Korea and enhance their overall educational experience.

3. Eligibility criteria

A. Nationality Recognition

- 1) A foreigner is a person who does not have the nationality of the Republic of Korea.
- 2) Individuals with dual citizenship are not recognized as foreigners.
- 3) Recognized if both parents and students have acquired foreign nationality before starting the curriculum corresponding to the high school curriculum in Korea.

B. Recognition of Foreign School Courses

- 1) Foreign schools must be located in a foreign country, not in Korea. (Foreign schools located in Korea are not recognized as foreign schools)
- 2) Only regular school courses that are recognized for academic qualifications in accordance with the relevant country's education-related laws are recognized.
- 3) Curriculum for language purposes, preparatory courses, lifelong education courses, adult college courses, etc. are excluded.

C. Recognition of Enrollment

International Students with Both Parents Non-Korean	International students who have completed all education courses of 12 years or more in elementary, middle, and high school, regardless of whether they are located in a foreign country or a school located in Korea (foreign school).		
Completed all education courses (foreigner)	◆ A person who has completed all the curriculum (12 years) equivalent to Korea's elementary, middle, and high schools in a foreign country ● If you have completed elementary or secondary school courses in two or more countries overseas, you will be recognized as follows.		
	School Year	Recognition Status and Conditions	Note
	Grade 10 and below	Unacknowledged	If the required number of years of schooling is not met due to the academic system, the period of study at a university in the relevant country may be recognized as fulfilling the high school course requirement.
	Grade 11	Recognized as completing high school if the final three years of elementary/middle school were completed in the relevant country. - However, students must have completed at least 11 years of elementary and middle school in at least two countries to be qualified.	
	Grade 12		
	Grade 13 and above	Grades 10-12 or 11-13 are recognized as high school courses in the relevant country.	
	• However, if a student who has completed more than 12 years of elementary and secondary school courses at two or more schools with different academic systems inevitably misses or duplicates the total period of enrollment due to disciplinary differences in the process of transferring, an exception is recognized within one semester (6 months). • In cases where the educational system of the respective country, based on its educational laws and regulations, allows for grade skipping (grade skipping during transfer or admission is not recognized) or early graduation, exceptions can be made even if the full 12 years of elementary, middle, and high school education are not completed due to grade skipping or early graduation.		
Recognition of Academic graduation of less than 12 years	• International students who have completed pre-primary and secondary education in countries that have adopted the school system for less than 12 years are recognized as having the same academic ability as high school graduates in Korea. (Ground: Article 29, Paragraph 2, Paragraph 7 of the Enforcement Decree of the Higher Education Act)

IX. Important Notes for Applicants

「Basics」

- If it is confirmed that the applicant has passed the admission through fraudulent methods such as forgery, falsification, falsification, or proxy examination, the admission will be canceled even after admission confirmation, and the paid tuition fee will not be refunded.
- It is not permitted to register simultaneously at two or more junior colleges, universities, industrial universities, or colleges of education for the same admission semester. If this prohibition on dual registration is violated, the admission will be canceled. In such cases, any tuition fees paid will not be refunded.
- If a student who is expected to graduate from high school fails to obtain a high school graduation qualification before the date of admission to the university, the admission will be canceled.
- Even if a student is approved for admission, if the immigration office of the Ministry of Justice or overseas embassies denies the issuance of a visa, the admission will be canceled and the tuition fee paid will be refunded in full. The applicant is solely responsible for the denial of a visa. If you do not receive a visa within 2 weeks of the start of classes without any special reason, your admission may be canceled.
- Even if a person is approved for admission, if he or she is found to be unqualified as a result of the academic background check, the admission will be canceled.
- Even if a student is admitted (admission), if he or she is found to be unqualified according to the review of financial and academic documents, the issuance of a standard admission letter may be denied.

- All information in this admissions guide will not be individually notified to applicants. Therefore, applicants are expected to thoroughly understand the contents. Any disadvantages resulting from a lack of understanding will be the sole responsibility of the applicant.
- Accepted applicants will be notified through the university website or individually. Any disadvantages caused by failing to check the admission results will be the sole responsibility of the applicant.
- The evaluation contents and scores of the admission process will not be disclosed under any circumstances, regardless of admission results.
- Based on language proficiency, students may be required to take designated Korean language courses after admission.
- Matters not specified in this admissions guide will be governed by relevant laws, university regulations, and decisions of the University Admissions Management Committee.
- With the applicant's consent, only the minimum amount of personal information necessary for admission processes (e.g., name, residence identification number, country of origin, address, school attended, contact information, guardian's name) will be collected. The collected personal information will not be used for purposes other than admission and related processes.
- International freshmen and transfer students must obtain at least Level 4 on the Test of Proficiency in Korean (TOPIK) before graduation if enrolled in a Korean-language program or at least Level 3 if enrolled in an English-language program to be eligible for a degree.
- This admissions guide was originally written in Korean and translated into English and Chinese. In case of interpretation discrepancies, the Korean version shall prevail.

「Credit Recognition for Transfer Applicants」

- The examination and decision of credit recognition is handled in accordance with the university's academic regulations, the bylaws for the implementation of the school regulations, and the detailed standards for credit recognition for transfer students.
- Credits for transfer students are recognized within 65 credits (96 credits for fourth-year transfer students), unless specifically stipulated in the school regulations, school regulations enforcement bylaws, and detailed standards for credit recognition for transfer students.
- Transfer students must register for at least four semesters (two semesters for 4th-year transfer students) after transferring (excluding summer/winter sessions) and complete all required courses in their department's curriculum. They must also earn a total of at least 130 credits, including recognized credits, to graduate.
- Regardless of the number of recognized credits, all transfer students may experience an extension of their graduation timeline due to curriculum requirements. Graduation may be delayed due to mandatory courses or scheduling issues. Applicants should carefully consider these factors when selecting their department.
